

Dedicated to Family Law

Jennifer Zofcin

Senior Associate

Jennifer Zofcin is a senior associate attorney with Pollock Begg Komar Glasser & Vertz LLC, where she focuses her family law practice on divorce, equitable distribution, support, custody matters and adoption cases. Resolution through negotiation is always a central focus. However, when litigation is the best course, Jennifer relies on her widespread experience in multiday trials in Allegheny County and the surrounding Pittsburgh area.

Client-Oriented Approach

A wife and mother of two active boys, Jennifer believes in a hands-on approach to parenting, co-parenting and children's issues. Jennifer believes in allowing clients to play an important role in making decisions and in determining the extensiveness of their litigation.

"I provide solid, aggressive representation for my clients. However, the most fulfilling part of my practice is taking clients faced with seemingly insurmountable problems and guiding them through to the end of their case. I take great satisfaction in seeing my clients' renewed strength and refreshed view of the future once we have completed the process."
