

Stephanie L. Jablon
Partner

"I am a zealous advocate for my clients, whether they choose the traditional litigation process or the more modern collaborative model. I have a nurturing side to me that cannot help but surface in my client interactions. I particularly relish those times where I witness a client grow through the divorce process and move to a place of contentment and hope for the next chapter of life."

Partner Stephanie L. Jablon works aggressively on behalf of her clients to amicably resolve equitable distribution, support, custody and protection from abuse cases.

Multifaceted Approach

Stephanie complements her litigation practice with certifications in mediation and collaborative law, a process providing an alternative for families to resolve issues without going to court. Her collaborative law practice is particularly beneficial to clients who have a priority to co-parent with the goal of amicably resolving their case in the most humane and respectful way possible for their circumstances.

Legal Education Leader

Stephanie is an active member of the legal community and a leader in legal education having served as a case note author for Pennsylvania Family Lawyer, presented at continuing legal education workshops and lectured at the Pennsylvania Bar Association.
